END OF LIFE SYMPOSIUM CITY OF HOPE DECEMBER 16, 2021

VIJAY TRISAL, MD, FACS

Chief Medical Officer
Dr. Norman & Melinda Payson Professor of Medicine

The Start of an Era of Compassionate Care

Then and Now

Founded in 1913, with two tents to treat tuberculosis, City of Hope is now an enterprise that is comprised of three entities: City of Hope Medical Center, the City of Hope Medical Foundation and the Beckman Research Institute.

Partnering in National Excellence

City of Hope is an independent research and treatment center for cancer, diabetes and other life-threatening diseases.

- Designated as a comprehensive cancer center, the highest recognition bestowed by the National Cancer Institute (NCI).
- City of Hope is also a founding member of the National Comprehensive Cancer Network, with research and treatment protocols that advance care throughout the nation.
- It is ranked as one of "America's Best Hospitals" in cancer by U.S. News & World Report.
- Alliance of Dedicated Cancer Centers are an invaluable national and international resource that is advancing the nation's and the world's understanding of the causes, prevention, diagnosis, and treatment of cancer.
