# 2026 Annual Advances and Innovations in Endoscopic Oncology and Multidisciplinary Gastrointestinal Cancer Care

**Welcome** to the 2026 Annual Advances and Innovations in Endoscopic Oncology and Multidisciplinary Gastrointestinal Cancer Care, in Las Vegas, NV!

On behalf of City of Hope and the Department of Continuing Medical Education, we would like to thank you for joining us for this educational activity.

Interest and input from our participants encouraged us to continue to expand the focus of this conference, incorporating requests and suggestions from attendees. The previous years of this conference have been a great success and we are happy to have you join us this year.

Our goal is to provide the desired information and skills which physicians and allied health care providers need in order to better serve their patient populations and research. Your thoughts are valuable and important, so please share them with us on the evaluation that will be emailed to you at the conclusion of the conference.

**PHYSICIANS:**
An opportunity to claim **ABIM MOC points** for this activity will be made available via an ABIM MOC Activity Self-Assessment *(Part II)* at the conclusion of the conference.

The links to the *Evaluation* and *ABIM MOC Activity Self-Assessment (Part II)* can also be accessed under the **Conference Tasks** page of this handout.

Should you have any questions, please visit the conference staff at the registration desk.

♦Special Acknowledgment♦

City of Hope gratefully acknowledges the program's **Conference Champion Sponsor**, **Million Dollar Baby Co.**, whose partnership helped defray the cost of the education for learners.

At first glance, our worlds may seem different—but their focus on **quality, innovation, and building for the future** closely mirrors what we aim to do in medicine. Advancing cancer care requires the same kind of forward thinking, attention to detail, and commitment to better outcomes.

This meeting is about bringing people together across disciplines to push the field forward—and it's meaningful to have partners who believe in that mission.
